

Who Owns What?

Vineland Municipal Utilities (VMU)

Owned Equipment vs. Customer Owned Equipment

This graphic depicts equipment owned by VMU (in **brown**) and the customer owned equipment (in **green**). If a storm damages any equipment owned by VMU, VMU is responsible for repairs. If a storm damages any customer-owned equipment, the customer is responsible for repairs. Customers should hire a licensed electrician when making any repairs to customer-owned equipment.
